# Vaibhav Itauriya

Final Year Undergraduate | Department of Mechanical Engineering

vaibhav23@iitk.ac.in | vaibhavitauriya@gmail.com

in vaibhav-itauriya | Product Portfolio

## Academic Qualifications

| Year | Degree/Certificate | Institute | CPI/% |
|---|---|---|---|
| 2023 - 2027 | B.Tech | Indian Institute of Technology Kanpur | 7.4/10.0 |
| 2023 | CBSE (XII) | The Gramodaya International College, Mauranipur | 91.4% |
| 2021 | CBSE (X) | The Gramodaya International College, Mauranipur | 94.8% |

## Work Experience

**Summer Intern** | Jaguar Land Rover, Bengaluru *(May'26 - Jul'26)*

*Won **1st Place** in **JLR Global Hackathon**, representing **India** across **7+** countries | Awarded **Letter of Recommendation***

| | |
|---|---|
| **Objective** | • Replace **3-week manual SDLC traceability audits** with on-demand lifecycle visibility for JLR leadership & **10+ global teams**<br>• Build **SARVAM** for **150+ engineers & 5+ JLR auditors**: a single source of truth linking requirements, design, code & tests |
| **Approach** | • Ran **product discovery** with developers, QA, architects & auditors, translating audit pain points into SARVAM's requirements<br>• Defined **compliance KPIs** in a **10-member team**, aligning project advisors & leadership on how audit readiness is measured<br>• Wrote **SQL** on **Amazon Redshift** over **1M+ artifacts** to quantify requirement-to-test coverage & flag ASPICE gaps by team<br>• Cut data sync from **2 min to 5 sec** by automating CI/CD ingestion; designed **8 REST APIs** & resolved team data conflicts |
| **Impact** | • Cut audits from **3 weeks of manual work to on-demand analysis**, giving JLR leadership live compliance & lifecycle visibility<br>• Onboarded **10 teams & 15+ projects** in SDV & ADAS, scaling to **1M+ artifacts & 500K+ traces** ahead of JLR-wide rollout |

**Product Management Intern** | PFA India *(Personal Finance Assistance solution focused on Credit Cards and FIRE)* (*Jan'25 - Aug'25*)

*Awarded **Letter of Recommendation** & a **2-month internship extension** for exceptional performance | Reported directly to the **Founder***

| | |
|---|---|
| **Objective** | • Help users choose the right credit card & plan FIRE despite fee, reward & eligibility data scattered across **15+ Indian banks** |
| **Approach** | • Ran **20+ interviews & 200+ surveys**, benchmarked rivals & defined **150+ card parameters** on eligibility, fees & rewards<br>• Built a **probabilistic model** ranking **25+ cards** on user financials into top-3 picks, owning card recommendations end-to-end<br>• Built a **FIRE planner** with basic & detailed modes for **250+ users**; ran **randomized user feedback tests** on 20% of all users<br>• Scraped **15+ banks** weekly, scaling from **3 to 50+ webpages/day**; co-wrote **PRDs**, built Figma flows & React prototypes |
| **Impact** | • Raised card conversion from **2% to 7%** of **250+** recommendation clicks tracked via GA4, across **5000+ organic visitors**<br>• **Doubled CSAT to 8.4/10** for credit cards & **2.5x to 7.5/10** for FIRE; drove **65% repeat usage** and **~23-min** average sessions |

## Key Projects

**Pacto: AI Accountability Agent** | The Ken × Zerodha Case Competition 2026 (*Aug'26 - Oct'26*)

***Team Lead** | **National Finalist**, top 7% of 6000+ teams, Agentic AI Build Track | **₹20L** prize pool | Built on Pine Labs & Gnani APIs*

| | |
|---|---|
| **Objective** | • Help people stick to **fitness & personal goals** they usually quit early, as reminders & streaks carry **no real cost** for skipping |
| **Approach** | • Led **user research** with **30+ surveys & 5+ interviews**; mapped JTBD & grouped goals by how easily completion is verified<br>• Set **North Star** as verified attendance; designed **consent-based money stakes** and friend-approved pauses to build trust<br>• Wrote the **PRD covering 30 edge cases**; ran **build-vs-partner analysis** on 34 capabilities & specced **3 new partner APIs**<br>• Shipped a Hinglish **AI voice & chat agent** using GPT-4o-mini with **39 MCP tools** via **12 prompt versions & 18 test rounds** |
| **Impact** | • Cut no-shows from **3+ of an 8-member gym pod daily to 2 or fewer**, only in genuine cases, in a pilot with money at stake<br>• Turned **10 failure cases** from live tests, like duplicate charges, into **safety checks** so money moves only after confirmation |

**DoRD Project Portal** | E&ICT Academy & DoMS, IIT Kanpur (*Jul'24 - Sep'24*)

***7-member team** | Mentored by **Ark Srinivas** (CEO, E&ICT Academy) & **Prof. B.V. Phani** (HoD, DoMS, IIT Kanpur)*

| | |
|---|---|
| **Objective** | • Streamline how **500+ faculty & 2000+ researchers** at IIT Kanpur find, apply to & track research projects in a single portal |
| **Approach** | • Mapped the **user journey** from project creation to applications, review & tracking; defined **role-based access** per user type<br>• Ran **30+ user-testing sessions** with faculty & researchers, iterating **5+ Figma workflows** to make project discovery simpler<br>• Scraped project openings from **15+ external websites** to power **eligibility-based recommendations** & multi-filter search |
| **Impact** | • Onboarded **15 projects from 10 faculty & 100+ users** in phase 1 after **launching v1 on IIT Kanpur's intranet** via Django |

## Technical Skills

**Product:** Figma, Lucidchart, GA4, Mixpanel, Amplitude, Jira, Notion
**Data & Tech:** SQL, Excel, Python, Pandas, REST APIs, AWS, Git
**Frameworks:** PRD, JTBD, RICE, MoSCoW, A/B Testing, Funnels
**AI & Prototyping:** LLM Agents, MCP, Prompt Evals, RAG, React

## Achievements

| | | | |
|---|---|---|---|
| **Business** | **National Finalist** | **Campus Beats 2026**, ZS Associates (Market Entry & GTM) | **Top 10** nationally and secured **PPI** |
| | **2nd Rank** | **Bizzaro**, Product Pitching Competition, IITB SARC × Piramal | **2nd** among **300+** teams nationwide |
| | **5th Rank** | **Inter IIT Tech Meet 13.0**, Insolation Energy (Consulting Case) | Secured **5th** position across 23 IITs |
| **Technical** | **384th Rank** | **Amazon ML Challenge 2026**, National ML Hackathon | **Top 1.5%** among **25,000+** teams |
| | **National Finalist** | **KUKU FM**, Project K (AI & NLP based Story Generation) | Selected in **top 10** teams nationwide |
| | **Award Winner** | **SnT Summer Projects 2024**, RAG Chatbot for IIT Kanpur | **Best Implementation** of **50+** projects |
| **Sports** | **1st Rank** | **Ultimate Frisbee Challenge**, Inter-Hall Championship | **3 consecutive years** as a champion |

## Position of Responsibility

**Overall Placement Coordinator** | Students' Placement Office, IIT Kanpur (*Mar'26 - Present*)

*Felicitated with **Certificate of Appreciation** by the **Director, IIT Kanpur** for demonstrating exemplary leadership and team management skills*

| | |
|---|---|
| **Leadership** | • Leading a **4-tier team of 250+** members running internship and placement drives for **3000+ students** & **500+ recruiters**<br>• Built **Japan hiring pipelines**; represented IITK students at **GSJTI** before **20+ delegates** from Japanese firms & agencies |
| **Initiatives** | • Onboarded **15+ Japanese firms** like Zacros & Tokyo Ohka Kogyo, plus **7+ marquee firms** such as LinkedIn, BNP & Point72<br>• Enabled end-to-end placement preparation for **1300+ students** through partnerships with **GeeksforGeeks & Masai School**<br>• Published the **Annual Placement Booklet** analyzing sectoral trends, PPO conversion rates & skill benchmarks for students |
| **Impact** | • Grew **Day-1 internship offers 20% YoY, from 195 to 234**, & accepted offers 10%, from 172 to 190, in the 2026-27 season<br>• Helped secure **1300+ placement & 600+ internship offers** in the 2025-26 recruitment season as the Assistant Coordinator |
